EXPERIENCE

2015–
Present

SOFTWARE ENGINEER
Advent Software

Contributed to the design and development of a large-scale web app

Wrote generic, reusable UI components that communicated a pub/sub model

Collaborated with the UX team to deliver a clean, user-friendly front end for our application

Developed and maintained a robust UI testing framework

2014–
2015

ASSOC. SOFTWARE ENGINEER
Advent Software

Contributed to the code bases of multiple teams

Exposed to backend and front end while learning about Advent's various products

PROFILE

I love technology and solving difficult problems. I also enjoy playing Ultimate.

FUN FACTS:

I was the co-captain of my college Ultimate team and had a brief stint in the pro league with the Seattle Raptors.
